"Readers will love the world [Dumas] creates, which brims with Black Girl Magic. Most, if not all, of the characters are Black, and Dumas weaves Louisiana's history of slavery into the girls' lessons and legacy of magic. She also intertwines magic with technology, giving this series starter a decidedly modern feel." —Booklist

"Dumas invites readers into a wonderful world of witchcraft that highlights the contributions of the diaspora; the infusion of Creole heritage and the acknowledgement of enslavement grounds this world without dimming its light. Readers will relate to the struggles of standing out, feeling inadequate, and accepting change."—Kirkus Reviews

"This book is **pure magic** and I was hooked from the very first page! My main question now is: how can I get Hasani to be my best friend?"

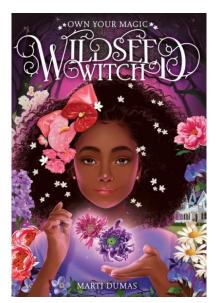

—Lisa Greenwald, author of the My Life in Pink & Green trilogy

"Set in a modern-day Louisiana where technology and magic intertwine, Wildseed Witch is charming and intriguing, just like the Les Belles Desmoiselles witches. Readers will cheer Hasani, vibrant as a morning glory, as she embarks on a quest to own her magic and to find friendship, family, and forgiveness." —Rajani LaRocca, Newbery honor-winning author of Red, White, and Whole

WILDSEED WITCH

by Marti Dumas

May 10, 2022 | Ages 10+ | 352 pages | 978-1419755613 | \$18.99 U.S

From a former educator and author of *Jaden Toussaint, the Greatest,* comes **WILDSEED WITCH** (on-sale 3/10/22)—a fun middle-grade contemporary fantasy with an all-BIPOC cast, about a social-medialoving tween who gets sent to an ultra-private witch camp.

As a literacy expert, Dumas has her finger on the pulse of what kids, parents, and librarians are craving and has crafted a series opener that is sure to captivate reluctant readers. The latest entry into the burgeoning category of much-needed diverse fantasy, WILDSEED WITCH, takes its place amongst books like *Tristan Strong Punches a Hole in the Sky* and *Amari and The Night Brothers*, centering a young Black witch and celebrating, literally, Black Girl Magic. WILDSEED WITCH showcases sparkling prose and a funny and relatable protagonist in Hasani, while also honoring Creole traditions, and weaving Louisiana's history of slavery into the legacy of magic.

Hasani's post-seventh-grade summer to-do list is pretty simple: get a bigger following for her makeup YouTube channel and figure out how to get her parents back together. What she does NOT expect is that an emotional outburst will spark a latent magical ability in her. Or that the magic will be strong enough to attract the attention of witches. Or that before she can say #BlackGirlMagic, she'll be shipped off on a scholarship to a fancy finishing school for talented young ladies.

Les Belles Demoiselles is a literal charm school. Here, generations of young ladies from old-money witch families have learned to harness their magic, and alumnae grow to become some of the most powerful women across industries, including politicians, philanthropists, CEOs, entrepreneurs—and yes, even social media influencers. Needless to say, admission to the school is highly coveted, very exclusive . . . and Hasani sticks out like a weed in a rose bouquet.

While the other girls have always known they were destined to be witches, Hasani is a Wildseed—a stray witch from a family of non-witches, with no background knowledge, no way to control her magic, and a lot to catch up on. "Wildseed" may be an insult that the other girls throw at her, but Wildseeds are more powerful than they know. And Hasani will learn that there are ways to use magic and thrive that can never be taught in a classroom.

About the Author

Long Bio

Marti Dumas is a mother, teacher, and children's book author. Although she is southern girl at heart, Marti has spent a good deal of time navigating the hustle and bustle of Manhattan, gazing at winter snowscapes in quiet New England towns, carrying baguettes through the streets of Paris, and trying to spot dolphins off Florida's First Coast. But she always knew that, along with more than 300 years of Louisiana ancestry, the lure of watching ancient oak trees and thunderstorms from the shelter of her front porch would eventually pull her back to New Orleans. It did. She, her husband, and her two children currently call a cozy creole cottage in the Crescent City home.
